We have it all – awesome brand new and (very) gently used toys for all ages and all tastes!

All proceeds will go *directly* to the Mathare Mothers Development Centre in Nairobi, Kenya – a centre in the Mathare slum that helps support the community's orphans and vulnerable children, caregivers and people living with and affected by HIV/AIDS.

Please stop by to make a donation that will *directly benefit* these fantastic children just in time for Christmas, and walk away with a great gift for one of your own! Everybody's a winner!

More information about the Centre and how donations will be used will be available.
